

- **Guy Barmoha** – Director Secondary Learning

**6000.1** Every incoming 9<sup>th</sup> grader starting this school year (2021/2022) will have to take the Financial Literacy Course for ½ credit. Recommended course for 11<sup>th</sup> & 12<sup>th</sup> grades. Dual enrollment or Virtual course. Economics and Government are still a state requirement for 1/2 credit each. Cannot take it online in middle school. It is a regular and honors course.

Every school has the interim available on Virtual Counselor. District needs to ensure that each school notifies parents on how to access the interim. Check Pinnacle and Canvas on a regular basis as interim reports are not time sensitive.

**6306** (J) teachers cannot assign assignments after the bell is rung. Memo will be posted on pivot going out on Friday with the redline changes so that can be viewed.

**Distance learning initiative** – not all schools offer the same courses. 5-6 courses were put on course selection cards, they were supposed to note that they were virtual. Low participation in those courses because students were not interested in a virtual course.

**Dual Enrollment** – need to form a committee to go over the Dual Enrollment Budget.
